SAFETY DATA SHEET (SDS)

Tofacitinib Oral Solution, 1mg/mL

Effective date: 05/2026

1. Product Information

Product Name: Tofacitinib Oral Solution, 1mg/mL.

Manufacturer: MSN Pharmaceuticals Inc., Piscataway, NJ 08854

2. Composition

Tofacitinib Oral Solution: 1mg/mL.

3. Hazards Identification

The substance is classified and labeled according to the Globally Harmonized System (GHS)
GHS08 – Health Hazard

- Reproductive toxicity: Category 1B

GHS07 – Exclamation Mark

- Acute toxicity (oral): Category 4

4. First Aid Measures

Description of First Aid Measures

General: Symptoms of poisoning may even occur after several hours; therefore, medical observation for at least 48 hours after the accident.

Eye Contact: Immediately flush eyes with water for several minutes. If irritation occurs or persists, get medical attention.

Skin Contact: Generally, the product does not irritate the skin. Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion: If swallowed obtain immediate medical attention. Keep at rest. Do not induce vomiting.

Inhalation: Supply fresh air; consult doctor in case of any complaints

Overview: No further relevant information available

5. Fire Fighting Measures

Extinguishing Media:

Suitable extinguishing agents:

Use fire fighting measures that suits the environment.

A solid water stream may be inefficient

Special Hazards Arising from the Substance or Mixture

Hazardous decomposition: No hazardous decomposition data available.

Advice for fire-fighters: No special measures required, as with all fires, wear positive pressure, self-contained breathing apparatus, (SCBA) with a full-face piece and protective clothing. Persons without respiratory protection should leave area. Wear SCBA during clean-up immediately after fire. No smoking.

6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures

Put on wear appropriate personal protective equipment.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking, or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

Environmental Precautions

Do not allow spills to enter drains or waterways

Methods and Material for Containment and Cleaning Up

Ventilate the area and avoid breathing vapors. Take the personal protective measures. Contain and absorb spillage with non-combustible materials e.g. sand, earth, and vermiculite. Place in closed containers outside buildings and dispose of according to the Waste Regulations.

7. Handling and Storage

Precautions for Safe Handling

Avoid the generation of mists. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling.

Conditions for Safe Storage, Including any Incompatibilities

Store in accordance with information listed on the product insert

8. Exposure Controls/Personal Protection

Respiratory Protection: Not required under normal condition of therapeutic use.

Engineering Controls: Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Eyes: Protective safety glasses recommended.

Skin: Protective gloves recommended

Respiratory: If workers are exposed to concentrations above the exposure limit, they must use the appropriate, certified respirators.

9. Physical and Chemical Properties

Physical State: Liquid

Color: Clear, Colorless solution

10. Stability and Reactivity

Reactivity:	No further relevant information available.
Chemical Stability:	Stable under normal conditions of use.
Possibility of Hazardous Reactions:	No dangerous reactions known
Conditions to Avoid:	No further relevant information available.
Incompatible Materials:	strong oxidizing agents
Hazardous Decomposition Products:	carbon dioxide, carbon monoxide, nitrogen oxides

11. Toxicological Information

Information on Toxicological Effects

Inhalation: Inhalation of mists may cause irritation of the mucous membranes and upper respiratory tract and possibly symptoms similar to ingestion

Ingestion: Swallowing may cause effects as seen in clinical use including abdominal discomfort, nausea and vomiting.

Skin contact: No irritant effect.

Eye contact: No irritant effect.

Chronic Effects: None known. Sensitization: no sensitizing effects known.

Carcinogenic categories

IARC (International Agency for Research on Cancer): Substance is not listed.

NTP (National Toxicology Program): Substance is not listed.

OSHA-Ca (Occupational Safety & Health Administration): Substance is not listed.

Alternative sources for toxicological information: No non-standard sources for toxicological information where used

12. Ecological Information

Environmental Overview: water hazard class 1 (self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system

Toxicity:

Ecotoxicity values: No data available.

Persistence and degradability: No data available.

Bio accumulative potential: No data available.

Mobility in soil: No data is available.

Other adverse effects: None known.

13. Disposal Considerations

Must not be disposed of together with household garbage. Do not allow product to reach sewage system. Disposal must be made according to official regulations.
